Overview

The Texas Juvenile Justice Department's (TJJD) annual activity report provides information regarding the magnitude and nature of juvenile criminal activity and the juvenile probation system's response. This information is offered to assist the state's effort in improving the juvenile justice system and reducing juvenile crime in Texas.

In 2017, juvenile departments saw 53,522 referrals¹. Law enforcement accounted for 71.8% of all referrals (38,413). Schools, probation departments, municipal courts and TJJD referred another 15,109 cases for delinquent conduct or conduct in need of supervision (CINS), totaling 53,522 referrals for calendar year 2017. This is a decrease of 1,652 (3.0%) referrals from calendar year 2016, with delinquent offenses decreasing 2.0%, violations of probation decreasing 5.1%, and CINS offenses decreasing 8.3%.

Most juveniles referred were attending regular school (73.3%) at the time of their referral to a juvenile probation department. The remaining juveniles were in an alternative learning environment, had received their GED, had graduated, had dropped out of school, or had been suspended or expelled. Juvenile Justice Alternative Education Programs (JJAEP) provide education services to students who have been expelled from the public school system for committing specific offenses, and are mandated in counties with a population of 125,000 or greater. During the 2016-2017 school year, there were 26 mandatory JJAEPs operating in Texas. Of the 2,939 student entries into JJAEPs, 46% of the students were expelled from school for a mandatory expulsion offense, and 41% were expelled for a discretionary expulsion offense.

Disposition of a case may result from action taken by the juvenile department, the juvenile prosecutor, or the juvenile court. There were a total of 56,002 dispositions given in 2017. Juvenile probation departments disposed of 17,960 (32.1%) of these cases. Of cases disposed by departments, 16.5% were dismissed or withdrawn, 50.0% were given supervisory caution, and 33.5% were given deferred prosecution. Juvenile prosecutors resolved an additional 12,467 cases, with 60.0% of cases found to have no probable cause, or being dismissed, refused, or non-suited; 9.7% were given supervisory caution; and 30.3% were given deferred prosecution.

The juvenile court resolved the remaining 25,575 cases. The court decision resulted in supervisory caution for less than 1.0% of cases (n = 140), deferred prosecution for 14.9% of cases, and a new or modified probation in 53.5% of cases. A disposition of not guilty was found in 131 cases. In 4,642 cases, the court transferred the case out of jurisdiction, adjudicated the case with no disposition, or consolidated and disposed it with another case. In 151 cases, the court certified and transferred the case to adult court. The court ordered 840 juveniles to TJJD or a post-adjudication secure correctional facility.² Of juveniles receiving a commitment disposition, 676 received an indeterminate sentence and 164 a determinate sentence.³

Overall, the most common dispositions were adjudicated probation supervision or deferred prosecution supervision making up 24.5% and 24.3%, respectively. The next two largest categories involved cases that were either dismissed or disposed with a supervisory caution (24.2% and 18.4%, respectively). About 1.5% of dispositions resulted in a juvenile being committed to TJJD, and only 0.3% resulted in adult certification.

In 2017, the average length of stay on adjudicated probation supervision was 329 days while the average length of stay of deferred prosecution supervision and pre-disposition supervision was 155 days and 115 days, respectively. The majority (84%) of adjudicated probation, deferred prosecution, and pre-disposition supervision terminations during the year ended with successful completion.

In 2017, 166 juvenile probation departments served the 254 counties in Texas. The juvenile departments registered and operated 47 secure pre-adjudication facilities, 2 holdover facilities, 33 post-adjudication secure correctional facilities, and 7 non-secure correctional facilities. In addition to the county-operated facilities, private contractors provided services for juveniles in three pre-adjudication facilities and four post-adjudication secure facilities. The secure facilities provided a combined 3,256 pre-adjudication, 22 holdover, and 2,547 post-adjudication beds.

There were 31,286 detentions in calendar year 2017. Approximately 24.7% of detained juveniles were released within one day. There were 7,332 placement admissions made to secure or non-secure residential facilities in 2017, generally following the juvenile's disposition. More juveniles were served in secure facilities (3,839) than non-secure facilities (3,493). The overall average length of stay for residential placements (secure and non-secure) was 129 days. The majority of residential placements that terminated in the year ended in successful completion.

¹ Includes Formal and Paper Formalized referrals only. Please see Glossary for definitions of referral types.

² Texas Senate Bill 511 of the 83rd Legislature gave authority to the juvenile courts to commit a juvenile to a post-adjudication secure correctional facility.

³ Total dispositions are counted for all categories except commitment and adult certification dispositions in which unique juveniles are counted.

The Texas Juvenile Probation System

Introduction

Since January 1999, juvenile probation departments have been required to submit individual case file data in an electronic format initially to the Texas Juvenile Probation Commission (TJPC), and currently the Texas Juvenile Justice Department (TJJD). In addition, annual reporting and periodic surveys from departments provide supplemental information to the agency.

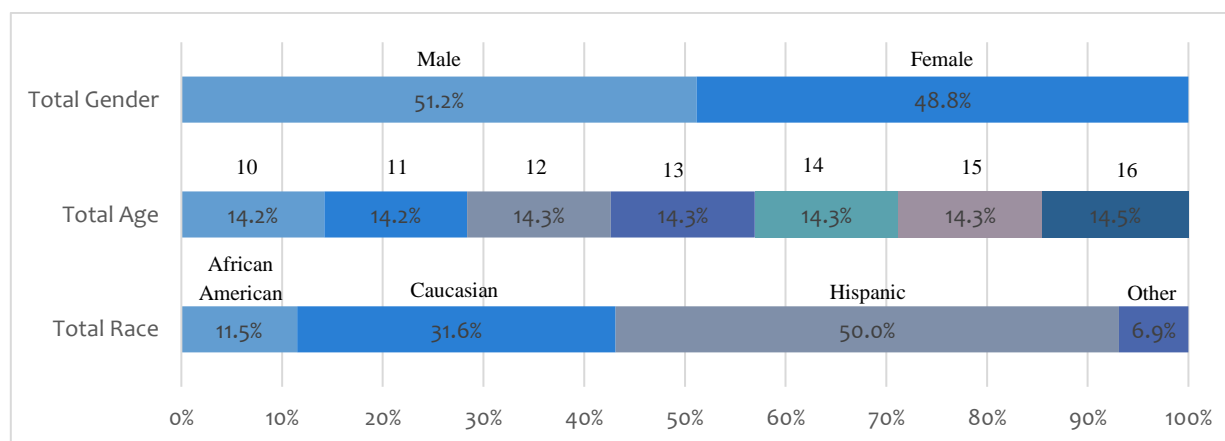

Caution should be used in drawing general conclusions from the statistics. The data in this report portray neither everything juvenile probation departments or courts do, nor how much time they spend on activities not represented by the statistics. At least three factors are not represented in the juvenile probation activity statistics and should be considered when evaluating them:

1. The juvenile justice system operates under the rules and authority of Title 3 of the Texas Family Code.⁴ A portion of the cases reported as being disposed as supervisory caution, dismissed, or otherwise disposed have received rehabilitative and other services from the juvenile probation system. These services are not captured in the activities presented in this report.
2. Only formal referrals are reported in referral, disposition, supervision, and detention statistics. Departments also handle a number of informal referrals, such as crisis intervention and prevention/intervention, which are not captured in this report.
3. A number of juvenile probation officers serve in both adult and juvenile capacities and often operate under varying authorities and policies.

Funding. Juvenile boards work closely with the commissioner's court to set budgets for operation of local juvenile probation departments using both local and state funds. In fiscal year 2017, local commissioner's courts provided approximately 73.0% of the total funding to probation departments from county revenues. State funds, primarily channeled through TJJD, accounted for approximately 26.0% of total funding for juvenile probation services. The remaining 1.0% of funding was Title IV-E monies from the federal government.

Juvenile Population. The Texas juvenile justice system serves youth between the ages of 10 and 16. Youth ages 17 and older fall under the jurisdiction of the juvenile justice system only if their alleged offense was committed when the youth was 16 years old or younger or for a violation of a juvenile court order if the youth is still under supervision. Using the Texas Demographic Center's 0.5 migration scenario projections based on the United States Census 2010 population, there were 2,842,884 juveniles age 10 to 16 in Texas in calendar year 2017. Gender, race, and age breakdowns of the projected 2017 populations are shown in Figure 1. Overall, 51.2% of the youth population was male, and 48.8% of the youth population was female. This was consistent across race categories. African American youth made up 11.5 % of the population, Hispanic youth 50.0 % of the population, White youth 31.6 % of the population, and youth from other race/ethnic groups made up the remaining 6.9 %.

Juvenile Probation Departments

Juvenile Boards. State law requires each department to have a juvenile board. Some of these boards govern multiple counties. Each board, consisting of district and county judges, is responsible for overseeing the operation of the juvenile probation system in that county. This includes designating juvenile judges, appointing the chief juvenile probation officer, and setting the policies and budget for the juvenile probation department. TJJD provides funding and technical assistance to juvenile boards.

Structure. Juvenile probation departments implement the policies of juvenile boards, deliver services to juveniles referred to juvenile courts, and provide services to at-risk youth in the community. In Texas in 2017, there were 122 single-county departments and 44 multi-county departments, ranging in size from two to six counties. Nine departments served both adult and juvenile probationers in 2017. Five of these combined adult and juvenile departments had designated juvenile probation officers.

Certification of Officers. Certification is required for all Texas juvenile probation and supervision officers. Certification requires that officers earn the necessary academic degree and complete 80 hours of approved continuing education. Probation officers must hold, at minimum, a bachelor's degree while supervision officers most hold, at minimum, a high school diploma or GED. All officers must also undergo a criminal background check at initial certification and certification renewal. In 2017, TJJD certified 204 new juvenile probation officers and 1,114 new supervision officers. An additional 1,009 existing probation and 1,304 supervision officer applications were re-certified.

Salaries, Staffing, and Caseload. Of the 166 local departments surveyed for the 2017 Annual Resource Report⁵, 166 provided responses (response rate of 100%). Based on data received from respondents, juvenile probation departments across the state employed 7,699 salaried personnel at the end of 2017. Four departments had only one employee, a Chief Probation Officer. Table 1 shows the breakdown of department staff, average salaries, and salary ranges.⁶ The average daily caseload per caseload-carrying juvenile probation officer in Texas ranged from one to 31 juveniles, with a statewide average of 14 in 2017.

⁵ The Annual Resource Report is a survey that is disseminated by TJJD's Research and Planning Division to collect information on departments, staffing, salaries, and additional juvenile justice related issues.

⁶ As reported by local juvenile probation departments in the Annual Resource Survey. "Administrative Staff" (non-caseload carrying) may include positions such as Data Coordinators, Compliance Officers, Trainers, and Program Specialists. "Clinical Staff" may include positions such as Treatment Specialists, Licensed Social Workers, Counselors and Director of Treatment. These staff categories may or may not maintain a JPO/JSO certification. The "Clinical Staff" category excludes medical professionals such as nurses, physicians and psychiatrists. Part-time is defined as working less than forty hours a week. One annual minimum salary value reported reflects a value lower than the state minimum wage (\$7.50) for a full-time, 40-hour work-week, totaling 2,080 hours a year (\$15,080.00).

Juvenile Referral Activity

A youth may be referred multiple times in a year. In calendar year 2017, 38,559 juveniles accounted for 53,522 formal referrals to juvenile probation departments. Importantly, despite an increase in the juvenile population of Texas, referrals to juvenile probation departments continue to decline, as illustrated in Figures 2 and 3.

Figure 2: Juvenile Population – Calendar Years 2013-2017

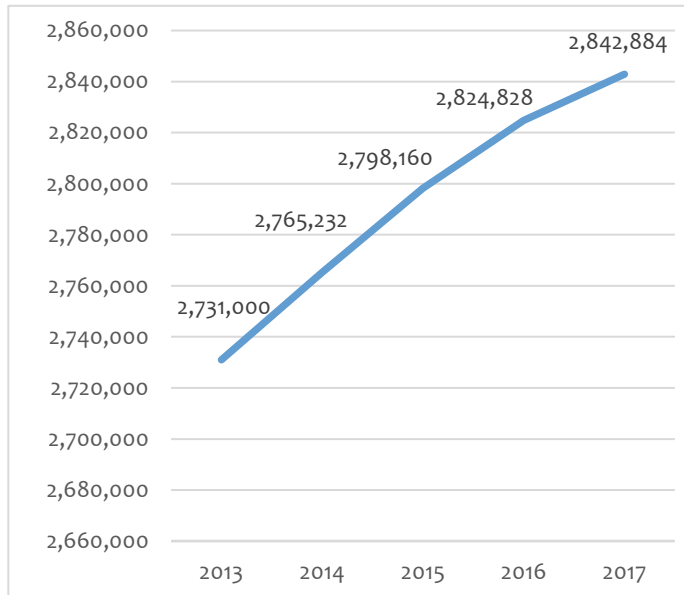

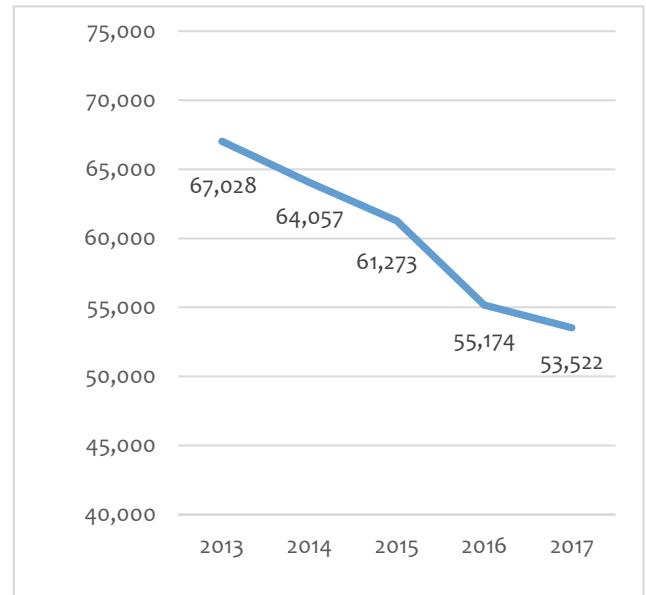

Figure 3: Juvenile Referrals – Calendar Years 2013-2017

The state referral rate for calendar year 2017 was 19 youth per 1,000. As shown in Figures 4 and 5, most counties have a referral rate between 11 and 25 per 1,000 youth, and a felony referral rate of less than 5 per 1,000 youth.

Figure 4: Referral Rate per 1,000 – Calendar Year 2017

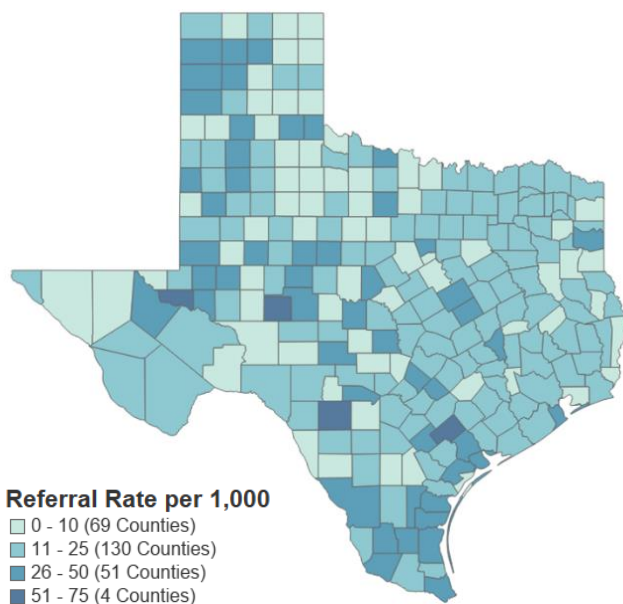

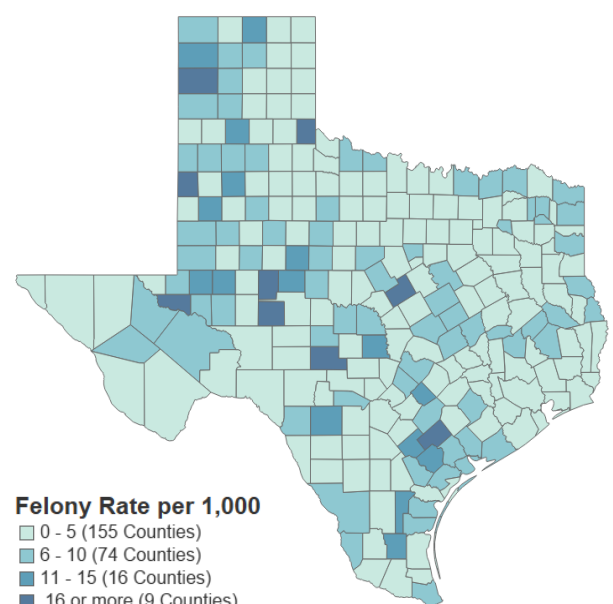

Figure 5: Felony Referral Rate per 1,000 – Calendar Year 2017

Youth Demographics

Male youth accounted for 74.0% of all referrals to juvenile probation departments in calendar year 2017 and females contributed the remaining 26.0% (Figure 6). While Caucasian youth made up 31.6% of the state’s juvenile population in 2017, they accounted for only 22.0% of referrals to juvenile probation departments (Figure 7). Hispanic youth were the most populous group in the state (50.0%) and accounted for 48.5% of referrals to probation in 2017. African American youth accounted for 11.5% of the population and 28.5% of referrals. Juveniles of “Other” race category, including Asian and Native American, accounted for 6.9% of the state population and only 1.0% of referrals.

Figure 6: Gender of Referrals – Calendar Year 2017

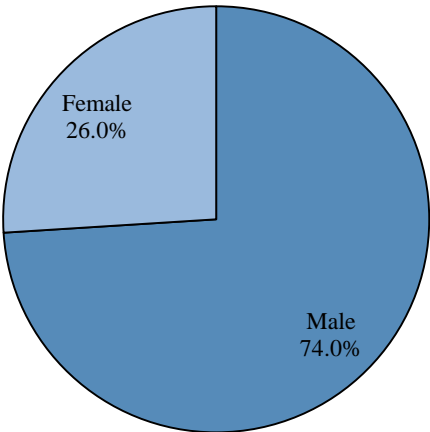

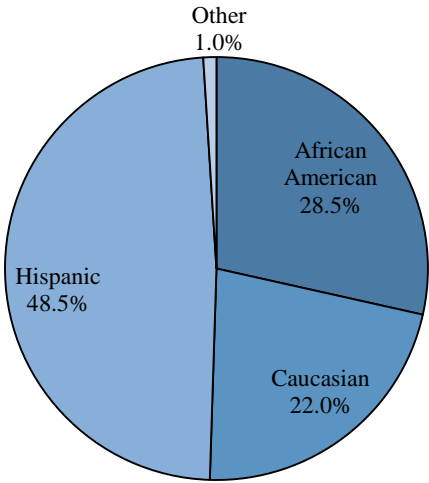

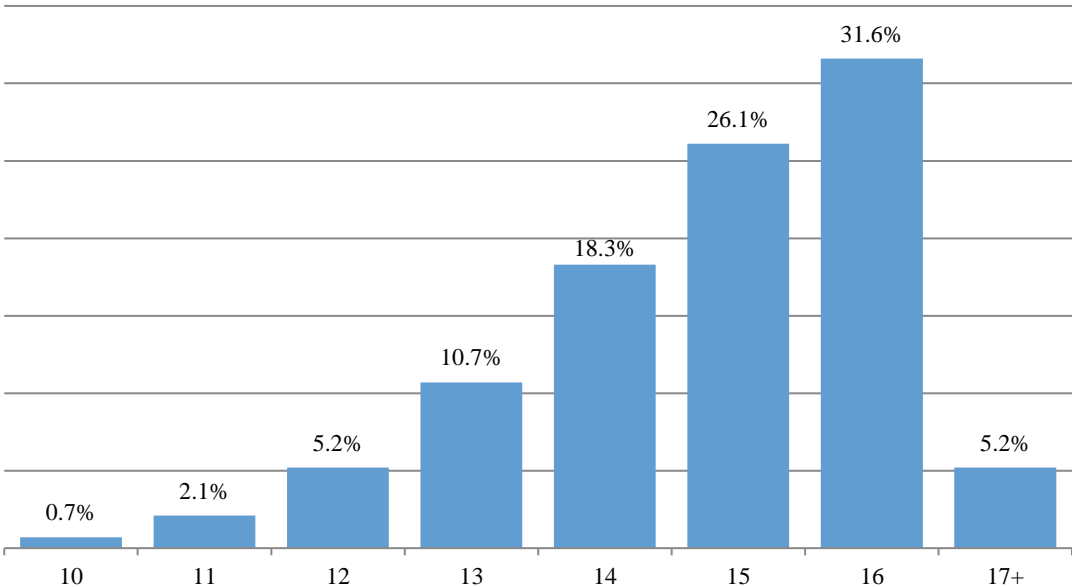

Figure 7: Race of Referrals – Calendar Year 2017

Of all juvenile referrals in 2017, the average age was 15 years. Of all age groups, 16-year-old youth were referred to juvenile probation more frequently than any other group. Youth age 17 or older are included in Figure 8, as they may have been referred for an offense committed while 16 or younger or for a violation of a juvenile court order if they were under supervision with a juvenile probation department.

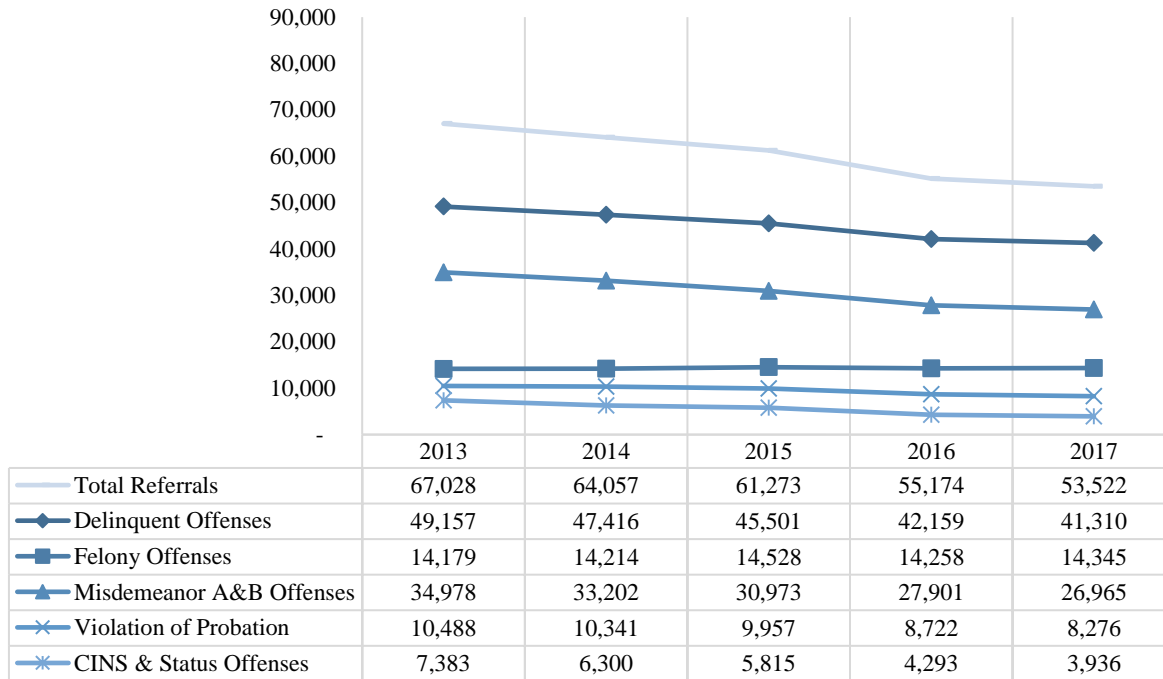

Figure 8: Age at Referral – Calendar Year 2017

Offense Distribution

As illustrated in Figure 9, referrals to juvenile probation departments have steadily declined since 2013. Referrals for alleged delinquent offenses (including felony, misdemeanor A and B, and contempt of magistrate) make up the majority of all referrals (77.2%) in a given year. More than a quarter (26.8%) of the referrals in calendar year 2017 were for alleged felony offenses. Of all the referrals in 2017, 11.2 % were for violent felonies.

Figure 9: Referrals by Offense Type – Calendar Years 2013 - 2017

Since 2013, referrals for alleged delinquent offenses have increased as a percent of total referrals (Table 2). Conversely, referrals for alleged Conduct Indicating a Need for Supervision (CINS) offenses (including status and non-status) have decreased as a percent of total referrals since 2013.

Referral History

There were 38,559 juvenile referred to juvenile departments in calendar 2017. The majority of juveniles referred (59.7%) had no prior referrals. Of the juveniles referred, 15,539 or 40.3 % had at least one prior referral. Of the juveniles with a referral history, 6,247 or 40.2 % had only one prior referral, while 4,382 (28.2 %) had four or more referrals. In addition, of youth with a referral history, 49.8% had at least one referral for a prior felony offense, 22.3% a referral for a prior violent felony, and 26.0% a referral for a prior violation of probation.

Figure 10: Juvenile Referral History – Calendar Year 2017

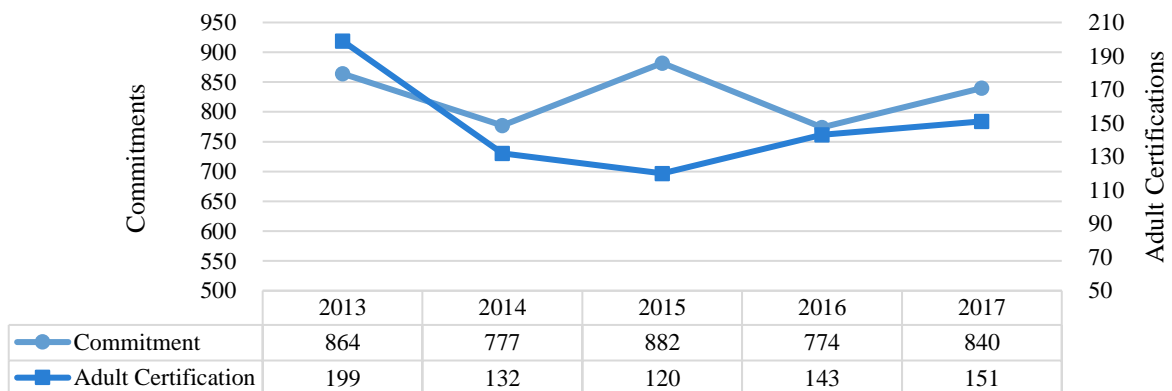

Juvenile Disposition and Supervision Activity

There were 56,002 juvenile cases disposed in calendar year 2017. The distribution of disposition by source indicates juvenile courts disposed the largest percentage of cases (45.7%), followed by probation departments (32.1%), and prosecutors (22.3%). Almost half of the 56,002 cases resulted in a probation or deferred prosecution⁷ dispositions (24.5% and 24.3%, respectively). Dismissed⁸ cases made up 24.2% of dispositions, and supervisory caution dispositions made up another 18.4%. There were 3,828 cases (6.8%) that received an outcome of consolidated or transferred with no adjudication. Lastly, TJJD commitment made up 1.5% of disposed cases and adult certification dispositions accounted for 0.3% of dispositions in calendar year 2017.

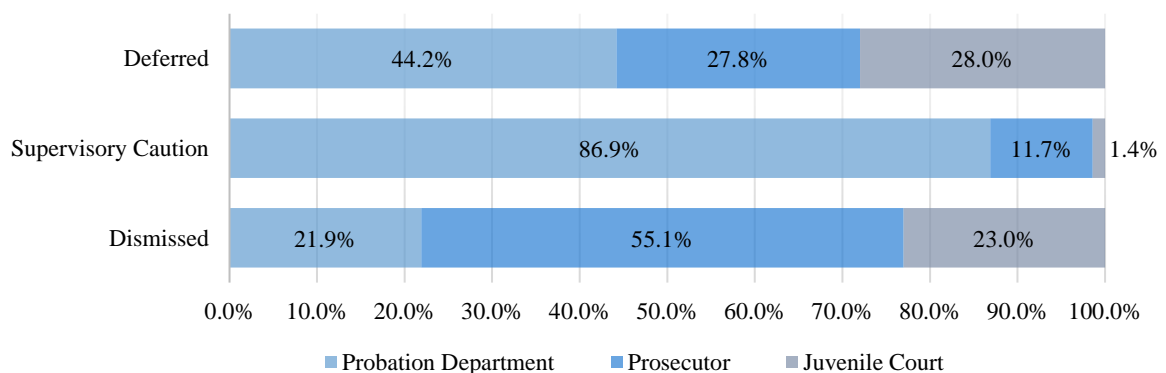

The number of individuals certified to stand trial as adults increased 5.6% between 2016 and 2017, from 143 to 151. During the same period, commitment dispositions increased by 8.5% from 774 youth to 840 youth (Figure 11). Since 2013, however, commitment and adult certification dispositions have decreased 2.8% and 24.1%, respectively.

Figure 11: Commitments and Adult Certifications – Calendar Years 2013-2017

Dispositions of adult certification, TJJD commitment, and probation must be disposed by the juvenile court. However, dismissed, supervisory caution, and deferred prosecution dispositions may be disposed of by either the juvenile court, the prosecutor, or the probation department. Overall, the prosecutor and the probation department were responsible for the majority of the dismissed, supervisory caution, and deferred outcome activity (Figure 12).

Figure 12: Disposition Outcomes by Disposition Source. Percent. – Calendar Year 2017

⁷ The probation disposition category includes adjudicated to probation or determinate sentence probation, adjudicated to probation with placement, determinate sentence probation with placement, modified and/or extended probation, as well as modified and/or extended probation with placement.

⁸ The dismissed category includes department, prosecutor, and court actions of dismissed, withdrawn, no probable cause, refused, not guilty, non-suited, and adjudicated with no disposition.

Distribution of Dispositions by Offense Severity and Race

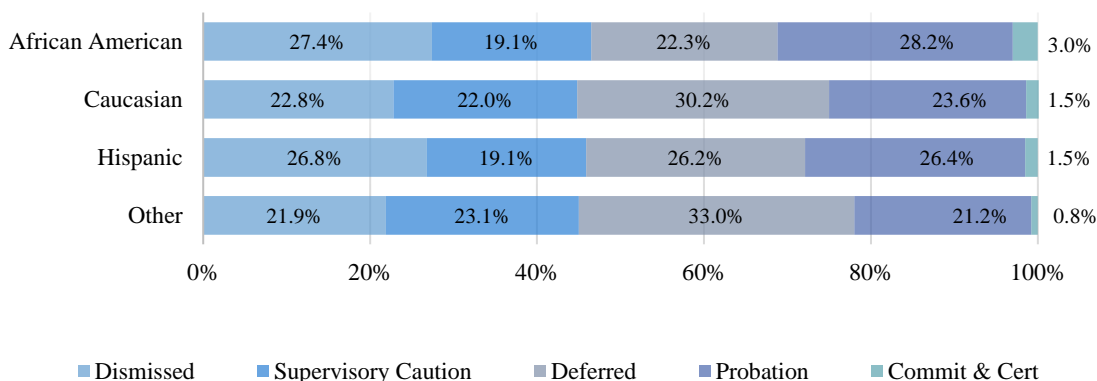

Dispositions in 2017 varied by offense severity, including a higher likelihood of serious offenses to receive formal sanctions. As shown in Table 3, felony and violation of probation offenses had a much higher proportion of adjudications to probation than did misdemeanor offenses. CINS offenses were most likely to receive a supervisory caution disposition. Table 3 excludes cases where the court transferred with no disposition, or consolidated and disposed with another case.

In calendar year 2017, a higher proportion of African American youth were formally processed by the juvenile court and received a disposition of probation, TJJD commitment or Adult Certification compared to youth of other races or ethnicity. Of African American youth, 28.3 % received probation, and an additional 3.0% received a disposition of TJJD commitment or Adult Certification. The comparable percentages for Caucasian youth were 23.6% and 1.5 %, respectively.

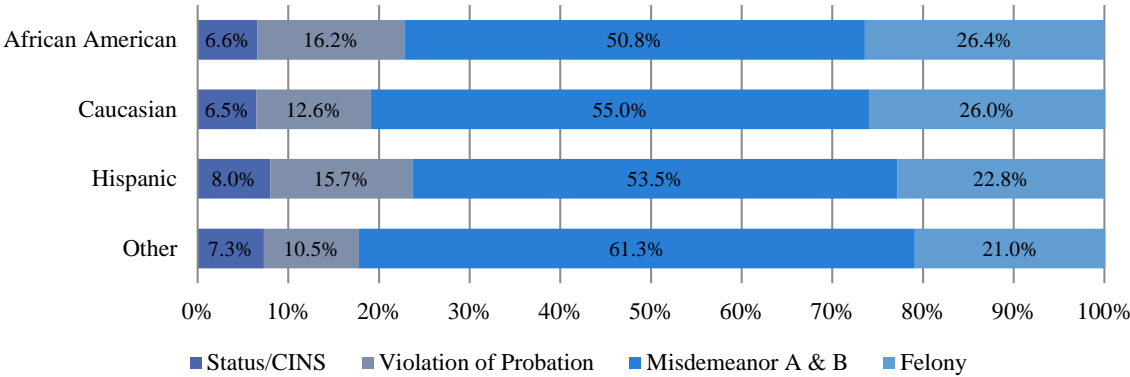

Figure 13: Dispositions by Race – Calendar Year 2017

With respect to the seriousness of the offenses resulting in disposition, about a quarter of dispositions were for a felony offense, and more than half of dispositions were for a misdemeanor offense. For 26.4% of African American and 26.0% of Caucasian

youth, the disposition was for a felony offense. For Hispanic youth and youth of other race/ethnicity the equivalent proportions were 22.8% and 21% . Dispositions for violation of probation were higher among African American and Hispanic youth compared to Caucasian youth.

Figure 14: Disposition Offense Severity by Race – Calendar Year 2017

Supervision Workload Activity

The average daily population (ADP) for adjudicated probation supervision in calendar year 2017 was 11,810.⁹ Successful completions accounted for 74.6% of the 13,914 adjudicated probation supervisions terminated during the year, while 25.4% were unsuccessfully terminated prior to completing probation. Juveniles may have failed to complete probation for a number of reasons including commitment to TJJD, transfer to an adult court for trial, absconding, or terminating early due to persistent non-compliance of supervision requirements or transferring out of the department's jurisdiction.

The ADP of juveniles on deferred prosecution during 2017 was 5,643. Successful completions of deferred prosecution comprised 81.3% of the 13,260 deferred prosecution supervisions terminated during the year, while 18.7% were unsuccessfully terminated prior to completion. Juveniles may have failed to complete their deferred supervision because of the reasons listed above or they may have been disposed to court-ordered probation because of a violation of the deferred supervision agreement.

The ADP of juveniles under pre-disposition supervision (including Conditional Pre-Disposition Supervision and Temporary Pre-Court Monitoring) during 2017 was 6,076. Of the 21,803 pre-disposition supervisions terminated during the year, 91.2% were terminated upon completion of supervision, while 8.8% were terminated unsuccessfully.

There were 23,169 active supervisions on January 1, 2017. Of those under supervision on this date, 51.9% were on adjudicated probation supervision, 21.9% were on deferred prosecution supervision, and 26.2% were on pre-disposition supervision (Figure 15). Figure 16 displays the number of active supervisions on January 1, 2017 by county. Adjudicated probation, deferred prosecution, and pre-disposition supervision types are included in this map. The vast majority (85.8%) of counties had fewer than 100 active supervisions on this date.

Juvenile Detention and Residential Placement Activity

Facility Registry

Per the authority and responsibility established in Title 3, Chapter 51, Texas Family Code, the Texas Juvenile Justice Department maintains a statewide registry for all local-level (i.e., non-state operated or contracted) public and private secure juvenile detention and juvenile post-adjudication secure correctional facilities located within the state. TJJD's facility registry not only provides an all-inclusive listing of any such facilities, it also serves as a general database of facility-reported information about each registered facility. As a relevant aside, per the Texas Family Code, no child may be placed into a secure detention or post-adjudication secure correctional facility that is not registered with TJJD.

Effective 2011, TJJD obtained the responsibility for registering non-secure correctional facilities operated by local juvenile probation departments. The primary difference between a non-secure and secure facility is the lack of construction fixtures designed to physically restrict a juvenile's movements or activities. While the vast majority of the state's non-secure residential facilities licensed through the Texas Department of Family and Protective Services serve all types of youth from varied referral sources, the non-secure facilities registered with TJJD prioritize services exclusively for juvenile justice referred juveniles. In 2017, seven publicly operated non-secure facilities were registered with TJJD. These facilities had a combined rated resident capacity of 300 beds. Table 4 provides the number and types of secure facilities registered with TJJD at any time during 2017. The rated capacity figures in the table reflect the self-reported resident capacity of those facilities operating at the end of the calendar year.

Detention Activity

There were 31,286 placements made in the 50 pre-adjudication secure and two short-term detention (i.e. holdover) facilities during 2017. The average daily population (ADP) for detentions in calendar year 2017 was 1,426. Youth were detained for an average of 19 days per detention. Of youth released from detention in 2017, 24.7% were detained for 24 hours or less, 27.8% for 2 to 10 days, and 47.6% for more than 10 days. Figure 17 provides the total number of detentions by county for 2017. As shown, the vast majority of counties had fewer than 100 detentions during the year.

Figure 17: Detentions by County – Calendar Year 2017

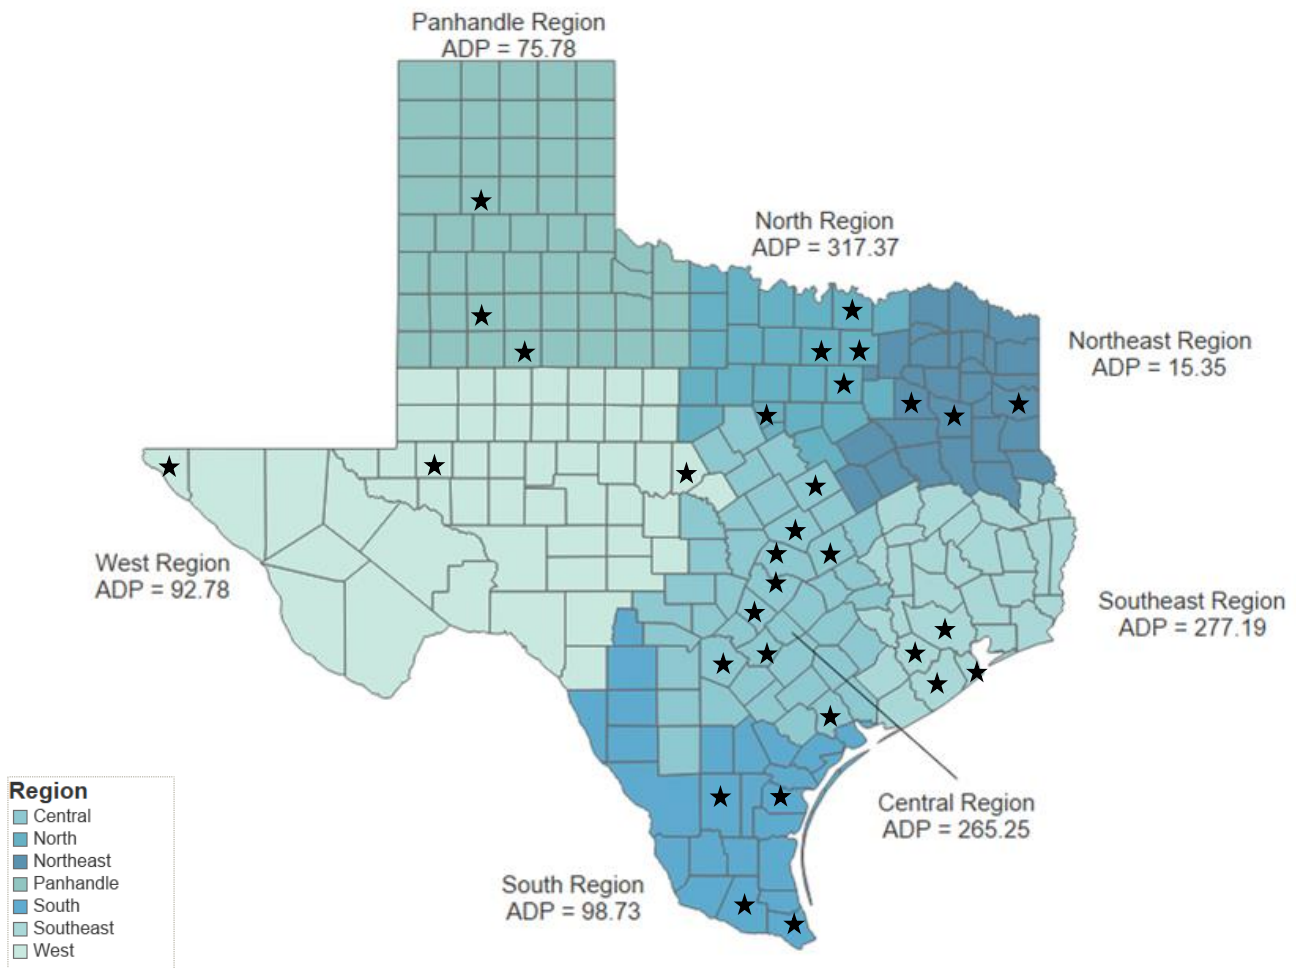

Residential Placement Activity

There were 7,332 out-of-home residential placements made during calendar year 2017. Of these, 3,493 were non-secure residential placements and 3,839 were secure correctional placements¹⁰. The ADP of juveniles in non-secure residential placement or secure correctional placement was 657 and 1,144, respectively. Figure 18 illustrates the counties with post-adjudication secure correctional facilities¹¹ and the ADP in post-adjudication secure correctional facility ADP for the seven Texas regions.

In calendar year 2017, the overall average length of stay in placement was 129 days. Secure correctional placements had a longer average length of stay than non-secure residential by just over 60 days (158 versus 97, respectively). Of the 2,895 non-secure placement terminations during the year, 80.5% ended with successful completions, while 19.5% ended unsuccessfully. Successful completions accounted for 87.0% of the 2,821 secure placement terminations during the year, while 13.0% ended unsuccessfully.

¹⁰ These placements do not include secure pre-adjudication or holdover facility placements.

¹¹ The star highlights counties with post-adjudication secure facilities. Note that some counties have more than one post-adjudication secure correctional facility.

A pre-adjudication secure detention facility does not include a short-term detention facility as defined by Section 51.12(j) of the Texas Family Code. For additional information, refer to subchapters A, B, C, and E of 37 Texas Administrative Code Chapter 343.

Formal Referral: An event that occurs only when all three of the following conditions exist: (1) a juvenile has allegedly committed delinquent conduct, conduct indicating a need for supervision, or a violation of probation; (2) the juvenile court served by the juvenile probation department has jurisdiction and (3) the office or official designated by the juvenile board has made face-to-face contact with the juvenile and the alleged offense has been presented as the reason for this contact or the office or official has given written or verbal authorization to detain the juvenile.

Juvenile Board: A governing board created under Chapter 152 of the Texas Human Resources Code to oversee the provision of juvenile probation services by a juvenile probation department.

Juvenile Court: A court designated under Section 51.04 of the Texas Family Code to exercise jurisdiction over proceedings under Title 3 of the Texas Family Code.

Non-Secure Correctional Facility: Any public or private residential facility operated by or under contract with a juvenile board in which the construction fixtures, hardware, staffing models, and procedures do not restrict the egress of residents from the facility. For additional information, refer to 37 Texas Administrative Code Chapter 355.

Paper-Formalized Referral: Occurs when a referral that began as a Paper Complaint (paperwork only) is later formalized with face-to-face contact.

Program: A planned or coordinated activity or group of activities designed to address a specific purpose or goal including, but not limited to, altering a juvenile's behavior to reduce delinquency. To be considered a program, there must be a curriculum, strategy, or plan to achieve the designated goal(s). Participation in a program is either required or tied to the juvenile's supervision.

Post-Adjudication Secure Correctional Facility: Secure facility operated by or under contract with a juvenile board that includes construction and fixtures designed to restrict physically the movements and activities of the residents and is intended for the treatment and rehabilitation of youth who have been adjudicated. As defined in 37 Texas Administrative Code Chapter 343, a post-adjudication secure correctional facility does not include any non-secure residential program operating under the authority of a governing board.

Residential Placement: Supervision ordered by a juvenile court in accordance with Texas Family Code Section 54.04(d) (1) (B) in which the child is placed on probation outside the child's home in a foster home or a public or private institution or agency. For additional information, refer to 37 Texas Administrative Code Chapter 341.

Status Offender: A child who is accused, adjudicated, or convicted for conduct that would not, under state law, be a crime if committed by an adult. For specific status offense categories, see Texas Family Code Section 51.02(15).

Dispositions

Adjudicated Probation: A disposition option in which a juvenile who has been found to engage in delinquent conduct and/or conduct in need of supervision is formally placed on probation under the supervision of the juvenile court for a specified period. The juvenile has been adjudicated and placed on probation in the child's own home or in the custody of a relative or other fit person. The juvenile may be required to participate in a variety of appropriate programmatic services (e.g., counseling, community services, etc.) and may also be subject to other reasonable court-ordered restrictions or conditions. Texas Family Code Section 54.04(d) (1) (A).

Adjudicated to Probation with Placement: A disposition option in which a juvenile who has been found to engage in delinquent conduct and/or conduct in need of supervision is formally placed on probation under the supervision of the juvenile court for a specified period. The adjudicated juvenile is placed on probation and ordered to placement in a foster home, residential treatment facility, a post-adjudication secure correctional facility, or a non-secure correctional facility. The juvenile may be required to participate in a variety of appropriate programmatic services and may also be subject to other reasonable court-ordered restrictions or conditions. Texas Family Code Section 54.04(d) (1) (B) and (d) (5).

Certification as Adult: A discretionary procedural action in which the juvenile court transfers its jurisdiction to the criminal court in order to allow a juvenile to be prosecuted as an adult. Depending on the type of felony conduct alleged, a juvenile as young as 14 years of age, and in some circumstances 10 years of age, may be certified to stand trial as an adult. Texas Family Code Section 54.02.

Commitment: The term used when a juvenile is committed to the care, control, and custody of the Texas Juvenile Justice Department (TJJD). Beginning in 2007, all commitments to TJJD, except those under the Determinate Sentencing Act, were for an indeterminate term not to extend beyond the juvenile's 19th birthday. Texas Family Code Sections 54.04 Beginning in 2013, juveniles in Travis County may be committed to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility rather than to TJJD. The Travis County provision is set to expire December 31, 2018. Texas Family Code Section 54.04011.

Consolidated Case and Disposed in Another Case: A situation wherein multiple offenses are alleged in one petition or in multiple petitions. The offenses are disposed of in one disposition event.

Deferred Prosecution: A voluntary dispositional alternative to adjudication in which the juvenile, parent/guardian(s), and intake agency or court agree upon supervision conditions. The time period cannot exceed 6 months except that if a court places the child on deferred prosecution as provided in 53.03(i) and (j), the juvenile may be supervised for up to one year or a combined period not to exceed one year if the time is added to a previous order of deferred prosecution.

Determinate Commitment: A disposition available for a juvenile adjudicated for delinquent conduct that violates a penal law listed in Texas Family Code Section 53.045(a) or for engaging in habitual felony conduct as defined in Texas Family Code Section 51.031. A determinate sentence petition must be approved by a grand jury. A juvenile may be committed to the Texas Juvenile

Justice Department (TJJD) or to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility for a specified term of up to 40 years with a possible transfer to the Correctional Institutions Division of the Texas Department of Criminal Justice. Section 54.04(d)(3), Family Code. Determinate sentenced offenders have a minimum period of confinement based on the felony level of the committing offense. Sections 245.051(c) and 152.0016(g), Human Resources Code.

Determinate Sentence Probation: A disposition in which a child given a determinate sentence commitment of 10 years or less may instead be ordered to determinate sentence probation by a court or jury for a period of up to 10 years. Texas Family Code Section 54.04(q).

Determinate Sentence Probation with Placement: A disposition in which a child placed on determinate sentence probation is ordered to placement in a facility. The juvenile may be required to participate in a variety of appropriate programmatic services (e.g., counseling, treatments, programs, etc.), and may also be subject to other reasonable court-ordered restrictions or conditions.

Dismissed or Withdrawn by department: An alleged offense against the juvenile will not be pursued and no disposition will be imposed.

Dismissed/No Probable Cause by prosecutor: The prosecuting attorney reviews the circumstances and allegations of a referral for legal sufficiency and the desirability of prosecution and determines that no probable cause exists.

Dismissed by court: An order, judgement or action finally disposing of the charge without trial of the issue involved.

Indeterminate Commitment: A disposition in which a juvenile who has been found to have engaged in delinquent conduct is eligible for commitment to the Texas Juvenile Justice Department (TJJD) or to the Travis County Juvenile Probation Department's post-adjudication secure correctional facility for an indeterminate or unspecified term not to exceed his or her 19th birthday. Only a felony adjudication or probation modification for an underlying felony adjudication may result in a commitment. Texas Family Code Section 54.04(d)(2). TJJD has established minimum lengths of stay for all indeterminate sentenced offenders. Travis County uses the same minimum lengths of stay.

Modified and/or Extended Probation: An extension or revision of a prior court order in which the juvenile continues probation in the child's home or in the custody of a relative or other fit person. The modification may result in additional programmatic sanctions and/or services and may include an extension that results in additional supervision time. Texas Family Code Section 54.05.

Modified/Extended Probation with Placement: An extension or revision of a prior court order in which the juvenile continues probation and is ordered to placement in a facility. This modification may result in additional programmatic sanctions and/or services (e.g., counseling, drug rehabilitation program, mental health treatment, etc.) and may include an extension that results in additional supervision time.

Non-Suited: A petition filed by the prosecutor with the juvenile court that has subsequently been dismissed, with or without prejudice.

Refused by prosecutor: An instance in which the prosecuting attorney reviews the circumstances and allegations of a referral for legal sufficiency and the desirability of prosecution and refuses to prosecute the case for any reason. The case is closed without a petition being filed or sanctions imposed. If the reason for refusal is that there is no probable cause, the records must be destroyed. Texas Family Code Section 58.263.

Supervision: A process that involves the case management of a juvenile by the assigned juvenile probation officer or designee through contacts (face-to-face, telephone, office, home, collateral) with the juvenile, the juvenile's family, and other case planning participants. For additional information, refer to 37 Texas Administrative Code Chapter 341.

Supervisory Caution: A summary disposition made by the probation department. This informal disposition option may include counseling the juvenile about the consequences of his or her conduct, contacting the juvenile's parents to inform them of the juvenile's behavior, or referring the juvenile to a social service agency or a community-based citizen intervention program approved by the juvenile court. See Texas Family Code Sections, 59.004, and 264.302.

Supervision Types and Outcomes

Absent without Permission: The juvenile fails to report or cannot be found. For reporting purposes, a supervision is closed as “absent without permission”, and no longer considered active, within 45 days from the time the juvenile is considered absent.

Completed: The juvenile completed the supervision without incident.

Conditional Pre-Disposition Supervision (i.e. Conditions of Release): This supervision type is either ordered by the court or ordered by the probation department with authority from the judge. Most conditional pre-disposition supervisions are done at the time of the detention hearing, but juveniles can be placed under this supervision type without having been detained. The conditions should be limited to those that are reasonable and necessary to ensure the juvenile will return to court. Texas Family Code Section 54.01(f).

Court Ordered Probation: A disposition option in which a juvenile who has been found to have engaged in delinquent conduct or conduct indicating a need for supervision is placed on probation under the supervision of the juvenile court for a specified period of time. Texas Family Code Section 54.04(d)(1). A juvenile who has been adjudicated and placed on probation may be required to participate in a variety of appropriate programmatic services (e.g., intensive supervision programs, residential placement, community supervision, etc.) and may also be subject to other reasonable court-ordered restrictions or conditions. This category also includes the disposition of determinate sentence probation that may be ordered by a court or jury for a period of up to ten (10) years for specific violent or habitual conduct, as long as the child’s underlying sentence is no more than ten (10) years. Texas Family Code Section 54.04(q).

Deferred Prosecution: A voluntary dispositional alternative to adjudication in which the juvenile, parent/guardian(s), and intake agency or court agree upon supervision conditions. The time period cannot exceed 6 months except that if a court places the child on deferred prosecution as provided in 53.03(i) and (j), the juvenile may be supervised for up to one year or a combined period not to exceed one year if the time is added to a previous order of deferred prosecution. Texas Family Code Section 53.03.

Failure to Comply: Supervision terminated before the anticipated end date because of a new offense or because the juvenile refused to accept services and/or was persistently non-compliant with the terms of supervision.

Temporary Pre-Court Monitoring: This is an unofficial form of pre-dispositional supervision used only when a juvenile is pending a disposition decision or court action. Temporary supervision may be done on a voluntary basis if agreed to by the juvenile and the juvenile’s parents. There is no Family Code basis for this supervision type; therefore, a juvenile cannot be sanctioned for not following the conditions set forth.

TJJD Commitment: The juvenile’s supervision ended because the juvenile was committed to the Texas Juvenile Justice Department.

Transferred out of Jurisdiction: The juvenile’s supervision ended because the juvenile moved from one jurisdiction to another and services were transferred to the new jurisdiction. This outcome is used when a juvenile leaves one jurisdiction on an Interstate Compact or Inter-County Transfer and when a juvenile on determinate sentence probation has his or her probation transferred to the adult system.

Transferred to the Adult System: The juvenile’s supervision ended because the juvenile was transferred to the adult system.
